Theme – Irish Myths and Legends

Ireland's unique combination of beauty, mystery and magic delights people from all over the world. Part of the enduring fascination of the Emerald Isle can be explained by the country's myths and legends, which live on in Irish folklore and traditional songs. So this is the perfect theme choice for the biggest nail competition in Ireland.

The set theme for this year's national nail competition in Dublin is bound to set those creative minds thinking outside the box! Shamrocks have been seen before so if you want those much needed points for

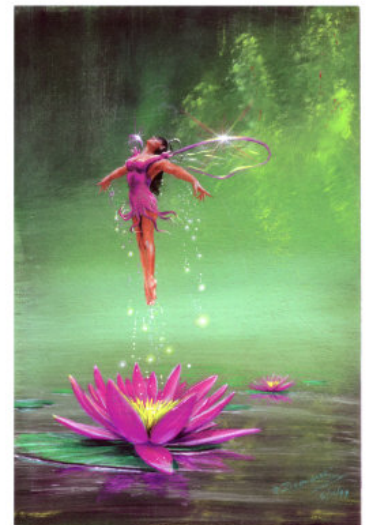

originality, then you need to do your research. Start by using the internet and search for Irish myths and legends, you will be surprised how many there are. You will also need to provide a written step-by-step of your design ideas, techniques, products, props, costumes, photo shoot etc; this is to confirm the authenticity of your work. It is normally about 5 pages long, either hand written or by computer, produced in colour and may include photos and nail art sample tips. You must write your name only

ONCE on the BACK COVER. Points will be awarded for creative presentation and effort, so make sure you put the time in and don't leave it till the last minute! Your step-by step must be bought with you on the day of the competition.

Some of the great Irish figures, myths and legends include;

-  Leprechauns and St Patrick
-  The Fairy Race
-  The Children of Lir
-  Kiss the Blarney Stone
-  Ireland's Magic Harp
-  The Bull of Cooley
-  The Gallic Celts
-  Cuchulain
